

**AGREEMENT FOR ELECTRIC SERVICE BACKED 100%  
BY RENEWABLE ENERGY CERTIFICATES**

This Agreement, effective on \_\_\_\_\_, is made by and between Shenandoah Valley Electric Cooperative (“SVEC”) and the following member of SVEC (“Member”);

Member Name: \_\_\_\_\_  
Applicable Account Number(s): \_\_\_\_\_

Member wishes to purchase 100% renewable electric energy pursuant to SVEC’s Rider R, represented by the retirement of renewable energy certificates (“RECs”) issued by Old Dominion Electric Cooperative from certain generation sources to be identified from time to time in Cooperative Living magazine, SVEC’s website and provided by SVEC to Member upon request.

Now, therefore, the parties agree as follows:

1. Rider R charges shall be in addition to all other charges due SVEC. Member shall pay SVEC, for the purchase and retirement of RECs equal to all of Member’s monthly metered residential kilowatt hour consumption, the amount of SVEC’s Rider R at the time of energy consumption, multiplied times such kilowatt hour consumption.
2. Member may terminate billing under Rider R by giving SVEC at least 30 days’ prior notice, effective no earlier than Member’s next meter read date. After termination of Rider R billing by Member, Member shall be ineligible for subsequent Rider R billing until one year after such termination. However, if termination of Rider R billing is due to a change of residence of Member, Member shall be eligible for Rider R billing without delay. Member shall apply for any subsequent Rider R billing. While Rider R is in effect, the total monthly billing shall include both the charges for the applicable rate for the account, plus Rider R charges for 100% of the energy consumed.
3. SVEC may terminate this Agreement by giving Member at least 60 days’ prior notice, or immediately in the event Member fails to pay SVEC for electric service in accordance with the SVEC’s Terms & Conditions.
4. This Agreement shall continue until terminated for so long as Member continues to purchase electric service under Rider R from SVEC.
5. SVEC may change the Rider R amount upon at least 60 days’ notice to Member, but not more frequently than once during any twelve-month period. Changes shall depend on market conditions for RECs. The Rider R amount as changed shall be applicable for consumption after the date of change.

6. In the event of a conflict, SVEC's terms and conditions of service and tariffs as approved by the Virginia State Corporation Commission shall take precedence over the terms of this Agreement.
